

# Summer Program for physics students

# Bonn-Valencia 2005

The Association of Valencian Students in Germany SEACAVA and the **University of Bonn** (Germany) organize a summer practical training program for students of the University of Valencia, in which the students have the opportunity to join the research groups of the **University of Bonn** physics department. The total amount of participants is about to be determined. The Summer Program will take place from **August 1<sup>st</sup>** to **September 30<sup>th</sup>** of 2005. The students will be granted an amount of around 600 €per month.

## **Getting to Bonn**

The students will pay for the trip to Bonn from their own sources.

## **Accommodation in Bonn**

SEACAVA will provide individual or shared apartments or rooms for the students. The price of the rooms will be around 250 €per month, and it will be paid by the students. The students will also have to pay a deposit that will be given back when the keys of the apartment are returned.

## **Application**

The application deadline has been fixed to **June 24<sup>th</sup>** of 2005. Only applications sent before that day and written in English or German languages will be accepted. The applicant students must send a request letter explaining their personal motivation (extremely important), and enclosing their Curriculum Vitae with personal data, academic scores file (a photocopy or copy of the one which appears in Internet is sufficient), level certificate of English and/or German, address, e-mail and telephone, to the e-mail adress of SEACAVA:

The results of the applications will be notified to the applicants by **June 29<sup>th</sup>**. In order to apply for this program it is essential to have sufficient knowledge of English or German languages to allow fluid communication. For further information, please contact via e-mail to:
