

# Summer Program Mainz (Germany) 2007

The association of Valencian Students in Germany, SEACAVA, and the "Fachbereich Physik" of the University of Mainz organize a summer practical training program for Physics students. Within this program the students have the opportunity to join the research groups in the physics department of the University of Mainz. The total amount of participants is yet to be determined, but it will be around ten. The Summer Program will take place from August 1<sup>st</sup> to September the 30<sup>th</sup>, 2007. The students will be granted an amount of around 600€ per month.

## University of Mainz

Due to the brotherhood between the cities of Mainz and Valencia, different agreements of collaboration and interchange between both universities exist. The purpose of this Summer Program is to intensify the academic exchange as well as the relationship between the physics departments of both universities. Recently, the program has been extended to other universities.

## Getting to Mainz

Travelling expenses will be covered by the students.

## Accommodation in Mainz

SEACAVA will provide individual or shared accommodation for the students in either apartments or rooms. The price of the rooms will be around 250€ per month, and it will be paid by the students. The students will also have to pay a deposit that will be given back when the keys of the apartment are returned.
